- Using TedE to create interactive videos [How do I create a flipped lesson from a Youtube video](#) - <http://bit.ly/1IEa8er>
- www.ESLpod.com - [What is ESL Podcast?](#)
- [What is a podcast?](#)

A podcast is an **audio file** that you download from the Internet. After you download it, you can listen to it on your computer or on an MP3/portable music player (for example, an iPod or iRiver). You can subscribe to a podcast so that it is delivered to you automatically each day, just like a newspaper.

What is the Learning Guide?

The Learning Guide is an 8 – 10 page guide for **every** future podcast. The Learning Guide includes **all** of the following:

Complete transcripts (ESL Podcast and English Café)

Definitions

Sample sentences

Comprehension questions

Additional explanations

Cultural notes

Tips on improving your English

Interactive Video (all relatively similar, but slight differences)

- [Ted-E](http://ed.ted.com/) <http://ed.ted.com/>
- [Videonot.es](http://www.videonot.es/) <http://www.videonot.es/>
- [Zaption](http://www.zaption.com/) <http://www.zaption.com/>
- [Educanon](http://www.educanon.com/) <http://www.educanon.com/>
- [Metta.io](http://www.metta.io/) <http://www.metta.io/>
- [Popcorn](https://popcorn.webmaker.org/) <https://popcorn.webmaker.org/>
- [Vialogues](https://vialogues.com/) <https://vialogues.com/>
- <http://www.raptmedia.com/> <http://www.raptmedia.com/>
- www.powtoon.com <http://www.powtoon.com/>

What can you add to your interactive videos? Discussions, comments, surveys, polls,

- In YouTube you can also [add text annotations](#) to your videos which can include additional explanations, suggested activities, and links to other video content or websites
- With annotations you can layer text, links, and hotspots over your video. They help you enrich the video experience by adding information, interactivity and engagement

- [Still Life in Video](http://nyti.ms/OfssMh) - <http://nyti.ms/OfssMh> (very cool stop action video)
- [Lingua.ly](http://lingua.ly) is a free language learning service - was a Chrome app. recently released an Android app (iOS coming soon) to help you learn a new language. - creates flashcard activities based on the words that you select. (Lingua.ly supports 20 languages) - enter words by typing them or pasting them into your account. After entering your words Lingua.ly creates flashcards with pictures. The app will read the words to you. After studying your flashcards Lingua.ly will search for web articles that utilize the words you're learning. [http://lingua.ly/](http://lingua.ly)
